## **Tea Party of Louisiana Endorses**

### **Colonel Rob Maness for United States Senate**

#### ***TPOL cites Col Rob Maness' Exemplary Bold Leadership, Courage & Service***

BATON ROUGE - The Tea Party of Louisiana (TPoL) is excited to announce our endorsement of retired U.S. Air Force Colonel Rob Maness for the open U.S. Senate race in Louisiana.

If Louisiana is to do its part in helping get America back on the right path then it is imperative that we elect new conservative servant leaders like Col Rob Maness to represent “we the people” in DC! After doing our due diligence on all of the candidates, it was clear to us that Col. Maness is the best choice for tea party conservatives and that is why grassroots activists across the state have already begun to unify behind his campaign. Col Maness is a rare specimen in the world of politics as he is someone who exudes honor, character, courage and most importantly trust.

Of the candidates running in this race, Col. Maness will clearly be our best advocate for reducing the size of government, reviving our economy, and restoring sanity and honor to our government and to our country. We have endorsed Rob Maness because we believe that he will speak for and represent the best interests of the citizens of the Louisiana and work for us instead of the self-appointed "ruling class" in Washington.

Unlike most of the career politicians out there who care more about their own personal glory than actually saving the country, Rob Maness has always put "service over self." As a career military man instead of a career politician, he will be able to bring a unique outsider perspective to the U.S. Senate which is sorely needed. We are confident that he will do more than be just another conservative vote in Washington, we believe he will be an outspoken leader for the conservative movement and will not only fight back against the Democrats but also the spineless Republicans who abide them.

The Tea Party of Louisiana chose to support and endorses Col Rob Maness because our country is at an extremely critical point in time. Pivotal decisions will be made by the next Congress that could change the course of our Nation's history forever and thus this election may be one of the most important our country has ever held. Of those offering themselves for this post, Col Rob Maness is clearly the best choice in the race to represent us in Washington. As our Senator, it will again allow him to protect and serve each and every Louisianan as well as American, just like he did during his 32 years in the Air Force.

The Tea Party of Louisiana is a private, non-profit organization composed of citizens who are dedicated to returning America to a government of the people, by the people, and for the people.
